Dear Sir:

Receipt is acknowledged of the non-final Office Action of August 8, 2007. It is expected that a timely response will be forthcoming.

In the meantime, the Applicant, through its representatives and attorneys, hereby brings to the attention of the examiner the two English language documents, cited in a Search and Examination Report dated September 21, 2007 in the corresponding Singapore application. This submission is timely in that it is made after a first action on the merits before final action, with certification.

This will thus certify that each item of information contained in this information disclosure statement was cited in a communication from a foreign patent office not more than three months prior to this submission.
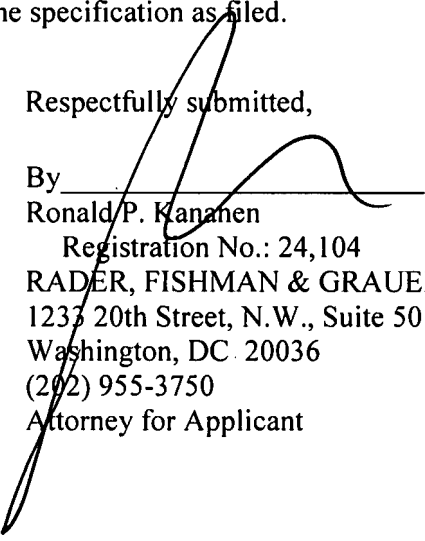

The relevance of the cited documents can be seen from their English language text, from the search report, and from examination report discussing the two cited documents.

Applicant believes no fee is due with this response. However, if a fee is due, please charge our Deposit Account No. 18-0013, under Order No. SON-2903 from which the undersigned is authorized to draw.

Please take these citations into account in the initial examination of this application and make their consideration of record with that of the information in the initial IDS and in the background of the invention information in the specification as filed.

Dated: October 22, 2007   Respectfully submitted,

                                                 By_____
